SUBJECT: Major Budget Realignment Request

PURPOSE:

To review and respond to the major budget realignment request items for the reporting month of April 2013.

BACKGROUND/HISTORICAL PERSPECTIVE:

This item is being presented in accordance with Maryland State Department of Education (MSDE) Policy 02.100.02.

As a part of the monthly consent calendar, the State Board reviews and authorizes budget adjustments affecting the current fiscal year's appropriation. Some adjustments require State Board action; others are reflected for information purposes only.

Budget Amendments (State Board Action Items):

Budget Amendments are required whenever an increase is requested for the current budget appropriation at the budgetary program and appropriated fund level (i.e., General, Special, Federal or Reimbursable Funds). The following are types of adjustments shown in the Major Budget Realignment (MBR) Request that require State Board approval:

- Tying in to grant awards received (Increases) – Special Fund and Federal Fund amounts included within the original appropriation are based upon estimated receipts. When the fiscal year begins and the actual grant or a more accurate estimated amount is higher, an adjustment is made to reflect the full amount.
- Carryover from prior fiscal year – Federal fund carryover results from the federal fiscal year overlap of three months as compared to the State fiscal year, and from the Tydings Amendment, which allows some federal formula grants to be spent for an additional 12 months. These adjustments are required to make maximum use of the grants.
- Transfers between budgetary programs – The allocation of the funds between the budgetary units and between programs within the budgets are based upon original estimates available when the budget is prepared. During the fiscal year it may become necessary to adjust this allocation.

- **Tying in to the approved Indirect Cost rates** – On occasion, the actual indirect cost rates received may be materially different from the rates used in preparation of the budget. In those cases, it may be necessary to reallocate the assessment against non-State funds.
- **Reorganizations** – Organizational changes that cross budgetary programs are reflected by a budget amendment.

Other Budget Adjustments (State Board Information Items):

The following types of adjustments are reflected in the Major Budget Realignment Request and are shown for information purposes only:

- **Recognition and Subsequent Release of Withheld Allotments** – Withheld Allotments are funds appropriated in an agency’s budget that have been held back pending the resolution of one or more contingencies identified in the annual Budget Bill. The funds are not made available to the agency until the identified condition(s) have been met.
- **Deficiency Appropriations** – Once Deficiency Requests are approved by the General Assembly as part of the Budget Bill, the approval is shown for information purposes.
- **Tying in to grant awards received (Decreases)** – The opposite of the adjustment type described above under Budget Amendments. These are decreases to the appropriation level in the Agency Budget (i.e., MSDE) to recognize lower than budgeted Grant Awards or Special Fund attainment.

The Major Budget Realignment (MBR) Request has several sections:

- The cover memo indicates whether there are items requiring approval or information items.
- **The Synopsis of Current Pending items (if any)** – On an item-by-item basis this explains and justifies any items presented for State Board approval. These items are identified as numbers (i.e., Item 1, Item 2, etc).
- **The Summary of Current Pending Items (if any)** – This summary schedule reflects the amount by budgetary program of each of the approval items.
- **The Synopsis of Information Items (if any)** – On an item-by-item basis this explains and justifies any items presented for State Board information. These items are identified as letters (i.e., Item A, Item B, etc).
- **The Summary of Information Items (if any)** – This summary schedule reflects the amount by budgetary program of each of the information items.
- **The MBR Schedule** – This schedule presents a great deal of information regarding the overall budget status and the effects of the adjustments being presented in the current month. The schedule presents the budget by Budgetary Unit (i.e., Headquarters, Aid to Education, Funding

for Educational Organizations, and Children’s Cabinet Interagency Fund), by budgetary program and by appropriated fund. The columns reflect the following information:

- The first column reflects the program and fund titles.
- The second column, “Original Appropriation,” reflects the original appropriation level for the fiscal year.
- The next two columns, “Approved Adjustments,” reflect adjustments that have already been made to the budget. The “DBM” column reflects adjustments made to the official appropriation level. The “MSDE” column includes those adjustments as well as decreases that would not be reflected in the official appropriation.
- The following two columns entitled, “Approved Appropriation,” reflect the sum of the original appropriation and the approved adjustments for DBM and MSDE, respectively.
- The next two columns reflect pending budget amendments:
 - “Prior” shows pending amendments that have been before the State Board in an earlier month but have not yet been approved; and
 - “Current” shows the items being presented to the State Board in this MBR for the approval period.
- The final column shows the Information Item adjustments included in the current MBR.

SYNOPSIS
CURRENT INFORMATION ITEMS
For the Reporting Month of April 2013

Items A through H reflect FY 2013 deficiency appropriations included in the FY 2014 Budget Bill

ITEM A

Federal Fund Appropriation in the aggregate amount of \$2,019,230 is to become available immediately in the Headquarters budget to supplement the appropriation for FY 2013 in the Division of Business Services in the amount of \$139,021 and in the Division of Accountability, Assessment, and Data Systems in the amount of \$1,880,209 to recognize a new grant award received under the Statewide Data Systems program. The objective of this program is to enable State educational agencies to design, develop, and implement statewide, longitudinal data systems to efficiently and accurately manage, analyze, disaggregate, and use individual student data, consistent with the Elementary and Secondary Education Act of 1965 and to facilitate analyses and research to improve student academic achievement and close achievement gaps.

ITEM B

Federal Fund Appropriation in the aggregate amount of \$1,926,577 is to become available immediately in the Headquarters budget to supplement the appropriation for FY 2013 in the Division of Business Services in the amount of \$175,143 and in the Division of Accountability, Assessment, and Data Systems in the amount of \$1,751,434 to recognize a new grant award received under the Grants for Enhanced Assessment Instruments program. The objective of this program is to enhance the quality of assessment instruments and systems used by States for measuring the achievement of all students.

ITEMS C

General Fund Appropriation in the amount of \$12,937,710 is to become available immediately to supplement the appropriation for FY 2013 in the Children at Risk Program in the Aid to Education budget to provide funds to cover unreimbursed federal funds for eligible expenditures related to Temporary Aid to Needy Families (TANF) from 2001.

ITEMS D and E

General Fund Appropriation in the aggregate amount of \$771,056 is to become immediately available in the Headquarters budget to supplement the appropriation for FY 2013 to provide education services at the Waxter Children's Center, the William Donald Schaefer House, and the Alfred N. Noyes Children's Center. MSDE is assuming education programming responsibility for these three facilities in FY 2013.

ITEMS F

General Fund Appropriation in the amount of \$17,265,334 is to become available immediately in the Headquarters budget to supplement the appropriation for FY 2013 to provide funds for the development and scoring of the Maryland School Assessments and High School Assessments in the Headquarters budget.

ITEMS G and H

General Fund Appropriation in the amount of \$84,000 is to become available immediately in the Headquarters budget to supplement the appropriation for the fiscal year 2013 to provide funds to more accurately reflect the attainment of the Reimbursable Funds related to the school system fees. The corresponding Reimbursable Funds authorization is being cancelled.

ITEM I

Per the Department of Budget and Management Appropriation Amendment #107-13, this item reduces Special Fund Appropriation in the amount of \$13,016,666 to recognize the fact that the Maryland State Retirement Agency is billing the local School systems directly for their retirement fees rather than collecting them via MSDE
